PROFESSIONAL EXPERIENCES

Professional Training – Full-Stack Developer
Sept 2025 – Ongoing | Fès, Morocco – JobinTech Bootcamp / Ark-X Academy
• Full-stack specialization: Laravel, Vue.js, PostgreSQL, Tailwind CSS, and modern technologies.
• Hands-on projects completed independently and in teams to strengthen technical/professional skills.
• Soft-skill development: project management, teamwork, agile methodologies.

End-of-Studies Internship – Full-Stack Developer
Apr – May 2025 | École Kutab Al Nour, El Jadida, Morocco
• Developed a complete educational platform for a non-profit association with learning paths, online classes, and student tracking.
• Implemented three roles (Admin, Teacher, Student) and integrated Jitsi for live video classes.
• Frontend: Angular & Tailwind, Backend: Laravel/MySQL.

Freelance Project – Full-Stack Web Developer (PWA)
Mar – May 2024 | DirNia, Morocco
• Built a PWA for managing parcels and routes for a transportation company.
• Developed with Laravel & Bootstrap, added interactive maps for driver navigation.
• Integrated WhatsApp client notifications; managed the entire project independently.

End-of-Studies Internship – Desktop Developer (Electron)
Jan – Feb 2024 | Mimoza Car Rental Agency, Meknès, Morocco
• Offline desktop app for managing rentals, accounting, salaries, credits, and fleet maintenance with Electron + SQLite.
• Project leader of a 3-developer team; managed full project cycle from analysis to deployment.
